GREETINGS FROM OUR PRESIDENT

"LALIGA is firmly committed to education. By means of a qualified academic education, their sports professionals may achieve a better management of football clubs and institutions.

The "LALIGA BUSINESS SCHOOL" is the reflection of the educational project that our Institution has created and promoted in order to detect, recruit and train both present and future talent within football management, methodology and analysis areas.

The Spanish Football League is the best in the world, therefore it is, extremely important that sports entities that take part in our official competitions, as well as in other sports, are able to provide their respective football clubs and institutions with management excellence by means of qualified and trained professionals.

Thus, LALIGA will use all its experience and knowledge so that the "LALIGA BUSINESS SCHOOL" guarantees quality courses and nationally and internationally recognized qualifications to train the best professionals and get the best managers."

JAVIER TEBAS
PRESIDENT OF LALIGA

GREETINGS FROM THE MASTER'S DIRECTORS

JAVIER GURREA-NOZALEDA
SPONSORSHIP AND LICENSING
DIRECTOR LALIGA

"Although the industry's experts consider that the marketing has evolved more in the last 5 years than in the previous 100, also the sport's world has evolved in the last 5 years more than in the previous 50.

The brands, the sponsors and the athletes – all main actors of this new form of entertainment, move in a liquid environment where the barriers between communication, branding, and marketing are transverse and continuously changing.

The "Master in Global Sports Marketing" program, which consists of 8 modules, will effectively emphasize this new environment, and give you the tools to keep you updated in a field that evolves with each step it takes.

As Lao Tsé said "The only permanent thing is change" and this phrase clearly summarizes, from the point of view of marketing and communication, the new paradigm of sports entertainment. It's a world that besides sports fans, considers the consumers of global entertainment.

Because the world is our playground, this doesn't imply globality just from the geographical point of view, but it assumes also the competitive environment, starting from the areas with which Sport can and should interact and from the targets we strive to."

JOSÉ MOYA
DIRECTOR OF LALIGA BUSINESS
SCHOOL

"The sport and training industry changes worldwide at an unprecedented speed, where we, all the professionals that participate in this game, are required to recycle and continuously upgrade our education if we want to be able to compete and enjoy at a high level in this race. In addition, it demands all the professionals who wish to join this industry a specific training and understanding of specific and particular aspects of this large sector.

For this objective we have designed in LALIGA Business School the "Master in Global Sports Marketing", a program created with great ambition for our field and our students, paying attention to the details that will offer the best guarantees.

Our program is structured around 8 modules that will allow the students to internalize all the key knowledge necessary to develop the right vision and affront their deepest challenges with determination.

We already want to welcome you to this program and invite or require you to enjoy it and extract the maximum of each of the sessions or trips defined by professionals from whole training ecosystem. You will have the opportunity to share them by having a year full of emotions and intense requirements that will take you to work at a High Level and transform you into a High-Performance professional in a special industry."

LALIGA DRIVES A LEAP TOWARDS EXCELLENCE FOR HIS CLUBS AND THEIR CURRENT AND FUTURE EMPLOYEES.

LALIGA IMPULSO

LALIGA IMPULSO is the strategic agreement reached between LALIGA and the investment fund CVC to boost the global growth of LALIGA clubs. Thanks to this agreement, LALIGA incorporates a partner that brings long-term capital and proven industry experience to help LALIGA and its clubs to grow globally at a time of great challenges for the emotions and entertainment industry.

This financial injection commits the clubs to allocate at least 70% of the resources to investments linked to infrastructure, international development, brand and product development, communication strategy, innovation and technology plan and content development plan on digital platforms and social networks.

In order to undertake the projects related to LALIGA IMPULSO, clubs are called upon to reorganise their structure, expand their departments and create new ones, rethink their strategies, processes and work methodology, focusing on innovation and, consequently, on attracting and retaining new members and, consequently, to attracting and retaining talent.

We are facing a turning point in terms of employability in the coming years. The projects related to LALIGA IMPULSO require the incorporation of highly qualified talent, also from other industries; and they require an adequate updating of the professionals already working in the Sports Industry. LALIGA, as the driving force behind the project, supports the development of LALIGA IMPULSO also with training, through its Education Department, LALIGA BUSINESS SCHOOL. We prepare the people who will activate this new era of the Sports Industry.

After the 1992 Barcelona Olympics, we are at the best time to enter the Sports Industry, a sector that has been growing steadily for the last two decades and which is facing major challenges related to new technologies, digital transformation and the evolution of consumption models. An increasingly attractive industry for the most qualified and determined professionals.

“LALIGA IMPULSO will allow us to grow in 4 or 5 years what we would have grown in the next 20 years”

Javier Tebas, President of LALIGA

TARGET GROUP AND STUDENT PROFILE:

- 4 We seek to admit students into Master in Global Sports Marketing program who offer diverse perspectives, backgrounds, and interests, and who share a commitment to excellence in the sports industry.
- 4 We aim to detect the future protagonists which are going to establish the new standards and the new tendencies of the sports marketing.
- 4 We look for evidence of that commitment in areas including applicants' academic records, their professional accomplishments, and their engagement in their community.
- 4 We place emphasis on those skills and qualities we believe are necessary for academic success and participation in the intellectual life at LALIGA Business School.
